Sharp U.S. Policy Shifts Advocated By CDC Ballot

By PETER KAYE
The San Diego Union's
Political Writer

PASADENA — A strongly worded statement of foreign and domestic policy was adopted yesterday by the California Democratic Council.

It called for an end to bombing North Vietnam and U.S. willingness to attend a peace conference a week later.

Red China would be seated in the United Nations, recognized by the United States and trade would begin between the two nations.

A nuclear-free zone would be established in Central Europe. The sale of U.S. arms abroad would be halted.

A PROBE ASKED

The CDC would have the Central Intelligence Agency investigated. It would prevent the United States from using military force anywhere in the world without a congressional resolution, unless it is attacked.

A far-reaching package of state constitutional reforms was recommended.

It included electing the governor and lieutenant governor on a single ticket; reducing the voting age to 18 and restoring voting rights to "rehabilitated" ex-convicts.

The two-thirds requirement for passing local bond issues would be reduced to a simple majority. Paid petition circula-

tors would be prohibited.

Popular votes for state bond issues would no longer be required. Neither would the two-thirds vote of the Legislature to pass the state budget. A simple majority would be substituted.

Prop. 13, the initiative voted in 1954 to abolish the Rumford Housing Act, would be eliminated from the state Constitution.

In the field of education, the CDC would eliminate all tuition and fees for higher education.

TEACHER BARGAINING

The organization went on record as believing educational policy "should be the responsibility of a joint student and faculty body."

Teachers would be permitted to bargain collectively.

The CDC also would:

1. Guarantee an income to those who cannot work.
2. Recommend mandatory, one-month paid vacations for every American family.
3. Guarantee an annual income floor of \$4,000.
4. Have the total costs of education the first claim against the federal budget. No education costs would be paid by property taxes.
5. Exempt all those with less than \$7,000 annual take-home pay from property taxes.
6. Share U.S. income and resources on an increased basis with the United Nations.

7. Give more money to welfare recipients.

A package of 20 resolutions was approved in committee but failed to reach the floor because time ran out. They included these positions:

1. Abolition of the House Committee on Un-American Affairs.
2. An end to the death penalty in California.
3. Support of farm workers' efforts to organize a labor union.
4. Favoring legislation that would permit the President to negotiate trade agreements with the Soviet Union and Communist nations of Eastern Europe.
5. Support of a temporary ban on developing nuclear reactors and permanent prohibition of the use of plutonium for atomic weapons.
6. Opposition to tuition at state universities and colleges.
7. Support of withholding state income taxes and raising personal and corporate income taxes but opposition to a higher state sales tax rate.
8. Protest the University of California Board of Regents' firing of UC President Clark Kerr.
9. Support of modified abortion laws.
10. Advocacy of a federal fair housing act and opposition to weakening the Unruh and Rumford state housing acts.
